## **Project 90 & 9**

### **A Brick for you -- A Future for a student**

Dear [REDACTED],

This year my heart is breaking because we have had to turn away so many students who really need our school. We know how to take emotionally and educationally distressed children and give them HOPE and a future! Our scholarship funds ran out and we have had to say "No" to the very families that need us the most. That HURTS!

**There is a solution** – Project 90 & 9! WEA is creating a perpetual scholarship fund. We need caring people to commit to \$84 per month. When completed, your gift will accomplish the following goals:

1. 8 new students per month that we don't have to say "No" to
2. \$6000.00 per month perpetual scholarship fund to ensure a lifetime of opportunities
3. West End Academy debt free in 10 years

We have provided, and must continue to provide, a secure and stable environment for our students and our community. This requires fiscal responsibility, and increased community support.

Project 90 & 9 is our vehicle to deliver on these commitments. No longer will we have to turn away desperate parents and children in need of our support and services. *This year we have turned away 25 prospective students. More alarmingly, 12 of our current students are in danger of losing their scholarships for 2013. We cannot allow this to happen.*

This fund builds on the legacy of our founders and staff who have provided a secure future for over 5000 students in the past 41 years.

As a way of leaving your mark on West End Academy, each Project commitment will receive a brick etched with your name and placed at the Administration building. If you prefer, a donation to the fund may be made in someone else's memory or in total anonymity. Because the bricks will be prominently displayed, future students and their families will see them and know that you are committed to helping them achieve their goals. What a tremendous impact on their lives, showing them that you loved them without even knowing them.

**Please help our children by completing the form on page 2 of this letter and bring, email, mail or fax it back to West End Academy.**

Thank you for your consideration and commitment to this project.

Allen Tillman
